Artists with Disabilities
Professional Education

**CEUs, registration requested*

The Mid-west Ability Summit is a metro-wide ability expo for those with disabilities, including youth, adults, families, caregivers & professionals.

Attendees will have an opportunity to explore booths that provide products & services to the disabled community. Our goal is to bring together persons with disabilities & the organizations, products, resources & programs to assist them with leading full & productive lives.

ONE STOP

The focus of the Summit is to have a "one-stop" opportunity for persons with disabilities, their caregivers/families and/or professionals who serve persons with disabilities to gain information about valuable resources and products. Attendees will have an opportunity to explore the booths, talk to representatives and trial equipment.
